

SinoHub to Present at the Global Hunter Securities Conference

SHENZHEN, July 6, 2011 - SinoHub Inc. ("SinoHub" or the "Company") (NYSE Amex: SIHI), an electronics company whose main growth driver is manufacturing and distributing custom, private-label mobile phones, announced today that management will attend the Global Hunter Securities Conference to be held on July 18-19, 2011 at the InterContinental Hotel in San Francisco. Details for the company's presentation are as follows:

Date: Monday, July 18, 2011

Time: 9:30 - 10:00 a.m. (Pacific Time)

Location: China, Track 5, InterContinental Hotel, San Francisco

SinoHub management will be available for investor meetings throughout the day on both July 18 and July 19. Those who wish to attend the conference should contact Global Hunter Securities to request additional information.

"I am happy to have this opportunity to update investors on SinoHub's business," said Harry Cochran, CEO of SinoHub. "2011 is a transition year for our Company and it is important to communicate our goals and how we will accomplish this transition."

Further information, including an investor presentation for download, will be made available on the Investor Relations section of the SinoHub website at www.sinohub.com.

About SinoHub, Inc.

SinoHub, Inc. (NYSE Amex: SIHI) is a leading electronics company based in Shenzhen, PR China which services clients worldwide. The Company's integrated contract manufacturing (ICM) business unit is currently focused on providing custom, private label mobile phones to customers in developing countries. This fast growing ICM segment is capitalizing on a trend by carriers and distributors to offer their own brands with features and functionality targeted at their local markets, including 3G smart phones, at competitive price points. The Company's electronic component sales and services (ECSS) business unit provides procurement-fulfillment, spot component sales and supply chain management (SCM) services to manufacturers and design houses. The company's SCM services include warehousing, delivery, import/export, and give its customers total transparency into their supply chains by delivering SinoHub SCM, a proprietary, Web-based software platform the company has been using for almost ten years. For more information, visit the Company's Web site at www.sinohub.com and the B2B Chips Web site at www.b2bchips.com.
